

## ANCIENT GREECE

### Enquiry Grid 7: Worshipping Gods and Goddesses

#### Chapter/s and Section/s used:

All sections of the website

#### Individual project:

Children will use the site (or perhaps only one chapter each) to find evidence of the ways people worshipped or honoured the gods.

They can use the table overleaf to record the information.

#### Class project:

Divide the class into groups. Give each group a number of chapters to analyse. Ask them to find evidence of the ways people worshipped the gods.

They can use the table overleaf to record the information. Bring the whole class together to discuss all the ways that people paid tribute to the gods.

#### Extensions:

It may not always be clear from the website *why* people performed certain acts for the gods. This could form the basis of a class discussion.

#### Background Information:

You may find the following Background Information sheets found on [www.ancientgreece.co.uk](http://www.ancientgreece.co.uk) useful for this activity:

**Religion and Burial**

Chapter	How did they worship the god or goddess?	Why did they do this?
