

## ANCIENT GREECE

### Enquiry Grid 8:

### Trading goods

#### Chapter/s and Section/s used:

Geography challenge & Athens explore

#### Individual project:

Give each child a copy of the attached worksheet. Ask them to look through the Geography challenge and 'Piraeus' section of the Athens Explore. They need to find out if the good that is being traded is a local product or has to be exported. Ask them to fill in the worksheet.

After they have completed the task you could discuss how methods of transport could make the object more expensive.

#### Background Information:

You may find the following Background Information sheets found on [www.ancientgreece.co.uk](http://www.ancientgreece.co.uk) useful for this activity:

**Work and Agriculture**

Goods	Where does it come from?	What is it used for?	How is it transported?
Olive oil			
Tin			
Wine			
Linen			
Amber			
Grain
